6 EDGE- BANDINGS

SURTECO leads the edgebandings product segment as

GLOBAL MARKET LEADER

8 EDGE- BANDINGS

Edgebandings

based on plastic and paper are the core business of SURTECO

Edgebandings from Döllken and Canplast are manufactured from the plastics ABS, PMMA, PP or PVC in a wide range of dimensions and strengths to suit any application. The melamine edgebandings from BauschLinnemann and Kröning are manufactured on the basis of printed, non-fading specialist papers.

10 FINISH FOILS

Finish foils from SURTECO combine the highest product quality &

EXCEPTIONAL VISUAL APPEARANCE

12 FINISH FOILS

Finish foils

made of plastic or paper for all areas of application

The paper-based finish foils from BauschLinnemann, Kröning and SURTECO DECOR make full use of innovative design and natural haptic properties to provide an appealing furniture surface with outstanding technical characteristics.

Gislaved has suitable plastic foils in its range for particularly demanding furniture surfaces, for further processing to create hardwearing carpets and for many industrial applications.

The home pages present an impressive selection of decorative designs, qualities and areas of application.

14 DECORATIVE PRINTING

Decorative printing

Decorative papers from SURTECO DECOR are used as a material to provide decorative style when refining wood-based materials for the furniture and flooring industry, and in interior design. Creative wood, stone and fantasy decors are developed in cooperation with Saueressig Design Studio and the Group's own design atelier SÜDDEKOR Art.

18 IMPREGNATED PRODUCTS

19

Impregnated products

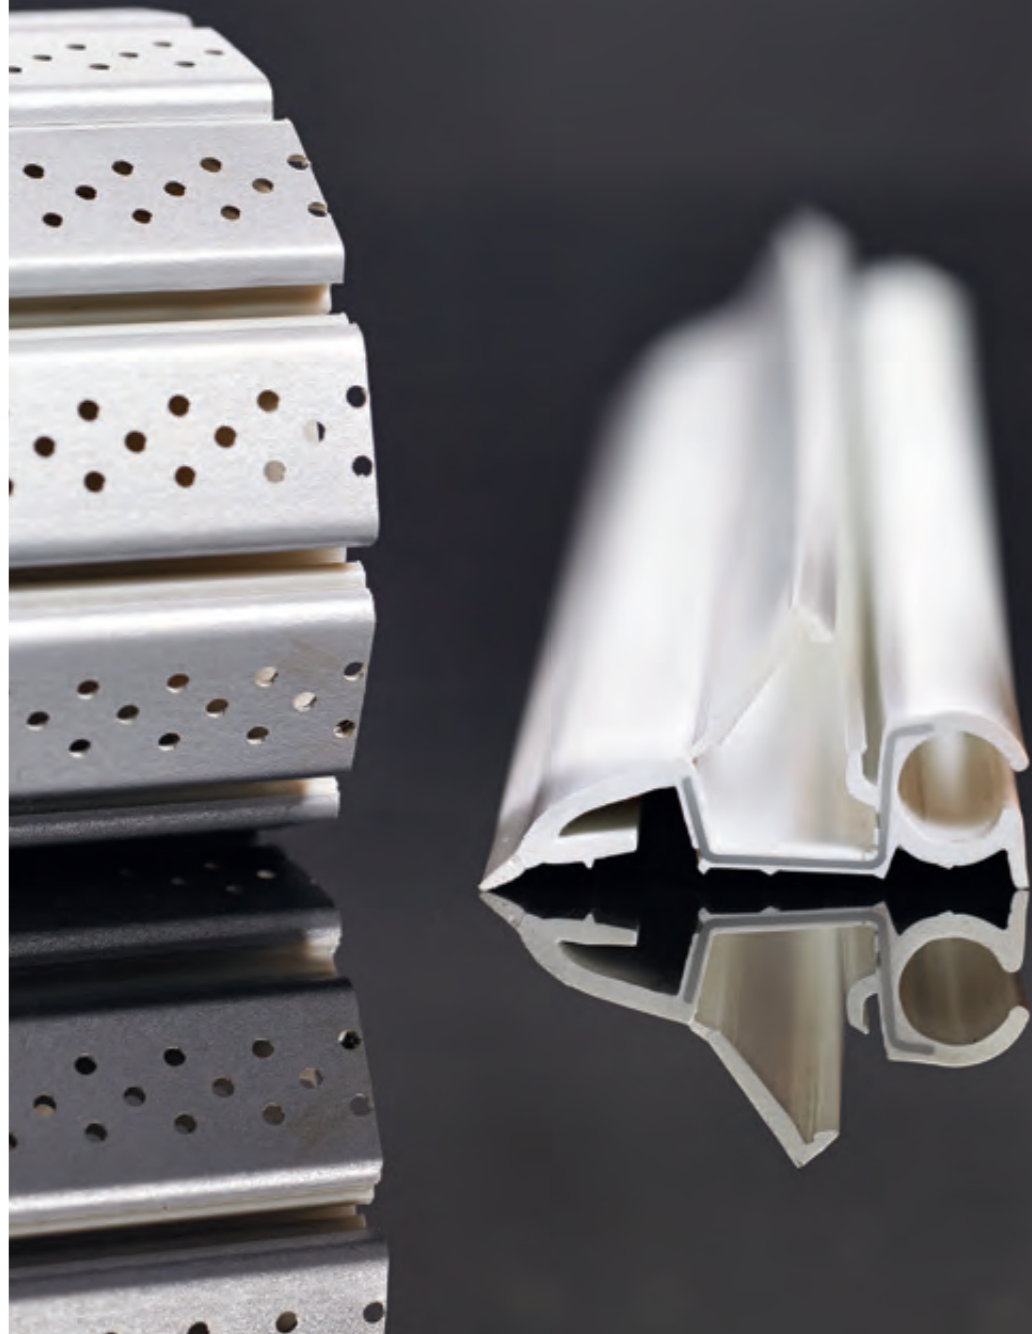

The decorative impregnates from DAKOR are part of our everyday life, for example on furniture or laminated flooring. They feature a highly wear-resistant surface which is particularly robust in withstanding the influences of mechanical, thermal and chemical impact. Overlays from DAKOR in multiply construction offer an additional coating for particularly demanding areas and for special visual effects.

You can find all the solutions for your particular application at:

26 MISSION STATEMENT

AS A DYNAMIC COMPANY, GROWTH AND EARNING POWER ARE THE MOST IMPORTANT DRIVERS IN ASSESSING OUR SUSTAINABLE BUSINESS SUCCESS. WE APPLY VALUE-BASED PRINCIPLES IN CONTROLLING FOR OUR GROUP OF COMPANIES. WE MEET THE EXPECTATIONS OF OUR SHAREHOLDERS WITH CLEAR TARGETS FOR RETURNS.

International growth markets

We want to expand our proportion of foreign trade further by focusing more intensively on growth markets in Asia, Eastern Europe and Latin America.

Focus on market penetration

SURTECO intends to become the world's global driving force for surface technology. To this end, we want to raise our leading position to a new level. Our objective is to rank among the world's five biggest market players not only in edgebandings, finish foils and decorative papers but also in our other product groups.

Expansion of technology leadership

We want to consolidate and expand the position we have achieved. Manufacturing and production procedures undergo a process of continuous improvement. We are working intensively on developing environmentally friendly and innovative products and technologies.
